Products

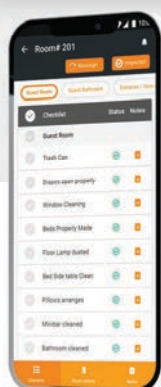

for all hospitality operations

FX Front Office Management is a cloud solution designed to consolidate front office functions on a single calendar-view screen, facilitating faster and more efficient processes.

 Hotel  Leisure

Mobile-first housekeeping management system that assists supervisors and managers in keeping track of the necessary activities.

 Hotel

A mobile platform that instantly provides real-time data analytics of critical information.

 Hotel  Restaurant

Multi-property reservation system that enables chain or group hotels to manage reservations, inventory, rates, and guest information centrally.

 Hotel

A cloud solution that provides the staff with cutting-edge features such as multi-property accounting, N-Level transaction authorisation & approval and more.

 Hotel  Restaurant  Leisure

Solution for table reservations and guest visit management.

 Restaurant

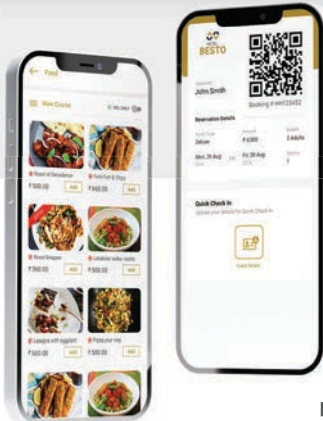

The most comprehensive on-premise hotel ERP with 13 integrated operational modules.

Fortunenext 7.0

 Hotel

A solution that will simplify ordering and billing functions at a restaurant. Includes integrated billing modules and complex ordering processes.

A solution to suit the new normal/pandemic regulations by facilitating contactless operations, social distancing, and portability.

A mobile application that enables restaurant staff to send the KOT directly to the kitchen display system and POS.

Material Management System

A supply chain management system that a single entity or branch can operate with.

Sales and Catering

An events & meeting management system which includes catering services.

A system to record and service guest complaints with time-bound escalations.

The best all-in-one, cloud-based software for large growing brands in beauty and wellness.
